

# Lesson Study Cycle

Teacher-led research focused on improving student learning

Where to start...

**FIRST:** Form a team of teachers (4-6 teachers is ideal, but 2-3 will also work!)

**SECOND:** Contact me-Sarah Avanesian. I will work with the team to set up a schedule for:

A) planning time (see step 1) and B) a day to research the lesson (see steps 2 through 4)
